During your time with IA INDIA ACCELERATOR PRIVATE LIMITED, you gained hands-on experience as a Software Engineer Professional, under the senior leadership of Deepak Sharma (Co-Founder) and Maninder Singh Bawa (CTO). You collaborated with the Technology team on internal projects to enhance operational efficiency and developed dashboards to list startups, track their progress, and manage their data. Additionally, you integrated various applications to address co-working issues and business needs. You have always maintained a professional and courteous attitude and appearance while working with our company.

Key skills covered:

1. Next.js Development with Backend as Strapi
2. Application Integration
3. Technical Collaboration using Git/GitHub
4. WordPress Development

Based on your excellent performance at the organization, we are pleased to offer you a **Pre-Placement Offer (PPO)** for a **full-time position** as a **Junior Software Developer** in our Technology team.

We look forward to welcoming you to join us after you complete your bachelor's degree. The details for this position will be shared closer to your joining date and will be in accordance with our standard terms.

Maninder Singh Bawa
(CTO)
